

CARRYING ON 70 YEARS OF QUALITY

In 1938 Pete Badalucco opened the first fish market in Kansas City, Kansas, located at 10th & Minnesota. Approximately 10 years later, Mr. Badalucco's son, Tony, opened a fish and poultry market at 12th and Woodland in Kansas City, Missouri. Then in 1984 Pete Badalucco, Tony's son, opened City Fish Market and Restaurant at 2704 State Ave.

Since 1938 this family owned business has been serving fish that satisfies both the purse and the palate. If you are like most health conscious families, you are choosing to include fish in your diet and would benefit from a visit to City Fish and More Restaurant – you'll find one of the area's largest and finest selections of deep fried fish or seafood.

In 1989, writers of "Do You Know Your Business Community" chose City Fish and More Restaurant as the best fish and seafood restaurant in this area.

Debbie Thomas (shown in picture above) has worked for Pete since he opened in 1984. They both would like to invite you to try any of the wide varieties of fish selections on our menu.

We are 70 years and three generations serving Kansas City.
